

Thunderbolt™ 3 External SSD

STARDOM is announcing the launch of the new PCIe based external SSD solution with the Thunderbolt™ 3 connector- a powerful and versatile interface with blazing-fast data transfer experiences. STARDOM's Thunderbolt™ 3 external SSD is a masterpiece of advanced PCIe based external storage solution that brings advantages to users:

- Ultra-slim portable design for daily usage
- Real PCIe SSD performance addressing the need of professional users
- Fully compatible with USB type C port

STARDOM's PCIe based Thunderbolt™ 3 external SSD has taken the user experience of external SSD to a new era.

Features

- Thunderbolt™ 3 Host Interface
- Thunderbolt™ 3 Cable Included
- 3D TLC NAND Flash
- Bus Powered

Specification

Model No.	PD01-TB3
NAND Flash	3D-TLC NAND
Form-Factor	M.2-2280
Interface	PCIe 3.0x2, NVMe
Capacity	1 TB
Sequential Read	1600 MB/s
Sequential Write	1000 MB/s
OS	Windows / Mac
Size(W x H x D)	48 x 14.4 x 102 mm
