

YoloBox

Portable Live Stream Studio

YoloBox is a smart, super-easy-to-use, and affordable solution for organizations and individuals to stream live video across Facebook, YouTube, Twitch and other platforms using many kinds of cameras, such as DSLR, professional cams, action cameras and Drones.

3 SIMPLE STEPS

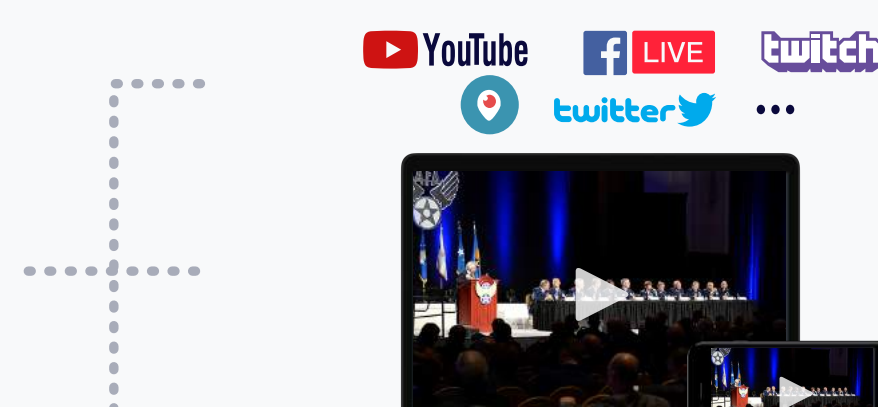

1 Capture

YoloBox can acquire video from numerous sources including cameras, GoPro, drone, local library, etc.

2 Deliver

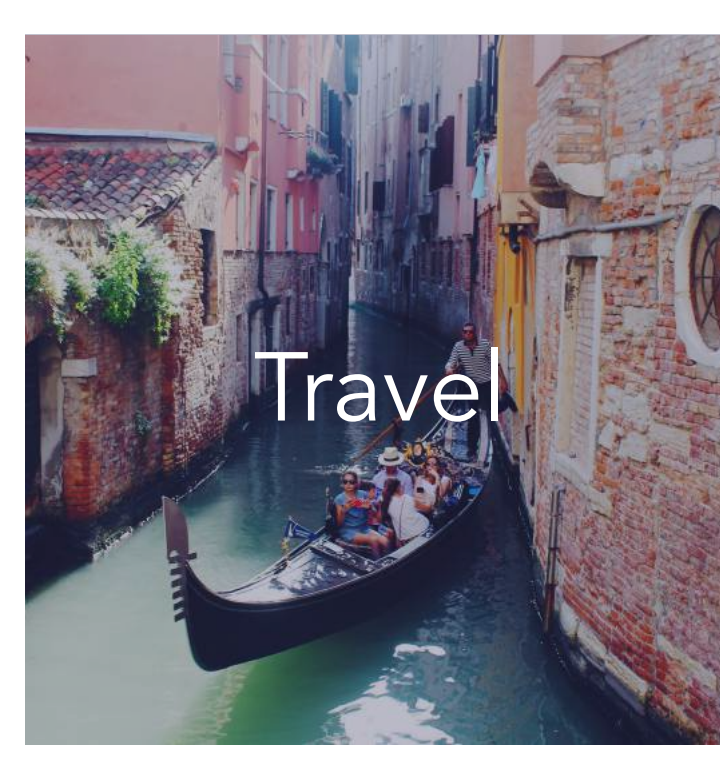

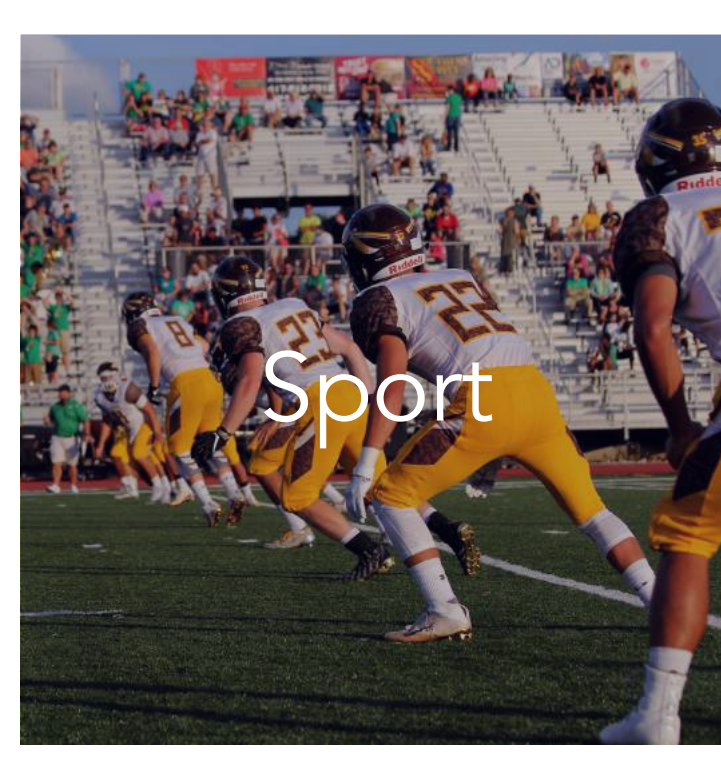

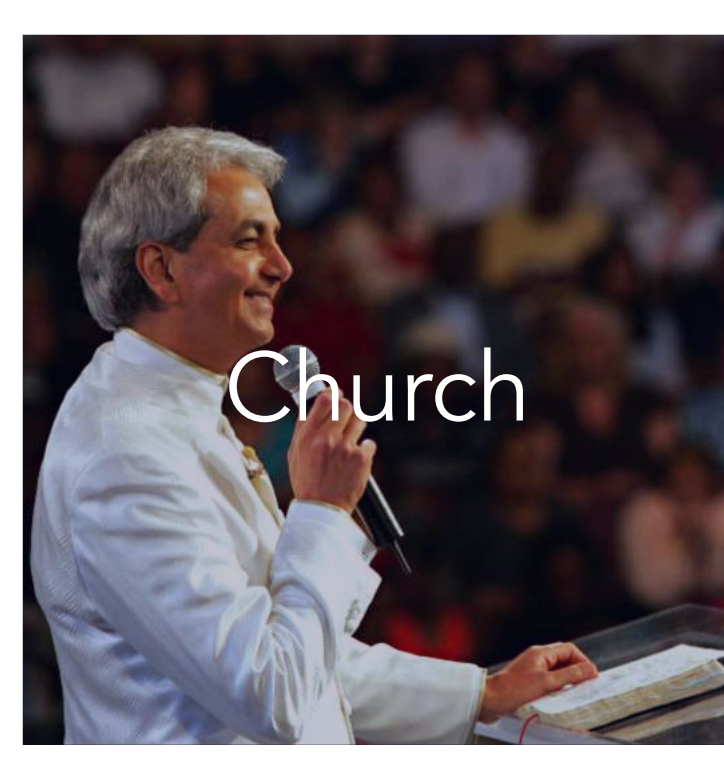

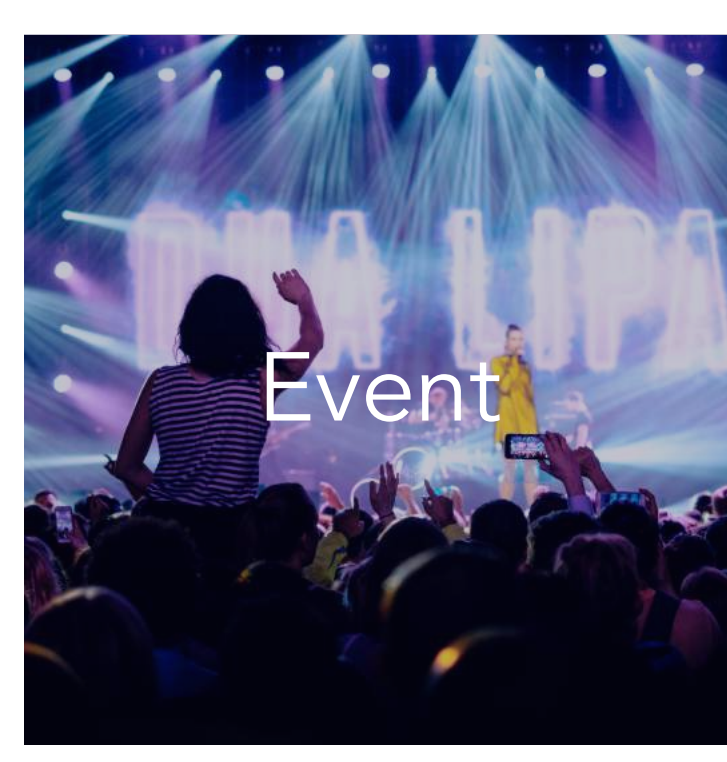

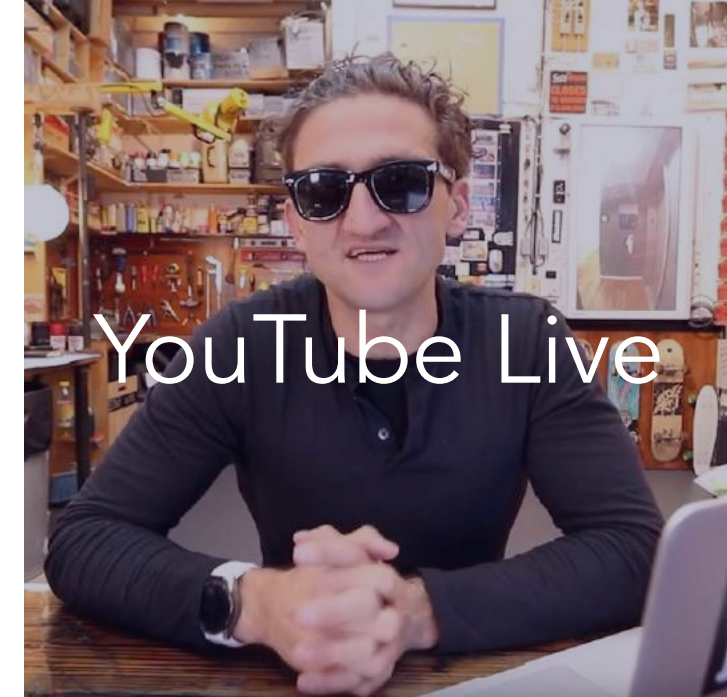

YoloBox delivers video to the cloud in multiple ways via Wifi, Ethernet, and 4G.

3 Watch

Boost your viewership in cross channels like Facebook, YouTube and Periscope, etc.
